The Province of British Columbia, as represented by the Minister of Energy and Climate Solutions (the "**Province**"), has developed the CleanBC Better Homes Energy Savings Program Condo and Apartment Rebate (the "**Program**"). The CleanBC Better Homes Energy Savings Program Condo and Apartment Rebate Eligibility Requirements and Participant Terms and Conditions are available at [betterhomesbc.ca](https://betterhomesbc.ca) (together, the "**Program Rebate Requirements**").

Contractors installing upgrades and applying for rebates under the Program agree to comply with and be bound by these CleanBC Better Homes Energy Savings Program Condo and Apartment Rebate Registered Contractor Terms and Conditions (the "**Registered Contractor Terms and Conditions**" or "**Agreement**").

1. **Administrators.** The Program is administered, in whole or in part, by the Province, CLEAResult Canada Inc. ("**CLEAResult Canada**"), and British Columbia Hydro and Power Authority ("**BC Hydro**"), (together, the "**Administrators**"), in collaboration, from time to time, with additional third-party contributors (each, a "**Collaborating Party**"). Any Administrator may rely on and enforce these Registered Contractor Terms and Conditions.
2. **Program overview.** Each person who meets the eligibility and other Program requirements, including those in the Program Rebate Requirements, and receives a Program eligibility code (a "**Participant**"), and who makes eligible upgrades in or to a home in accordance with the Program Rebate Requirements ("**Upgrade(s)**") is eligible to receive a rebate for such Upgrade(s) through the Program. Upgrades must be completed by a Registered Contractor, as described in section 4. Program rebates will be paid directly to the Registered Contractor and the Registered Contractor must deduct the rebate(s) value in dollars (\$) from the Participant's balance owing to the Registered Contractor on their invoice for the Upgrade(s).
